Steuart Pittman

COUNTY EXECUTIVE

"ALMOST 80% OF OUR RESIDENTS 65 AND OLDER HAVE BEEN VACCINATED, VISITS WITH FAMILY HAVE RETURNED FOR MANY, AND OUR SENIOR CENTERS ARE BEGINNING TO OPEN. WE'RE STARTING TO SEE A RETURN TO NORMAL LIFE AND THE MOMENTS WE'VE MISSED."

I welcome you to the 2021-2022 edition of the Directory for Older Adults, Individuals with Disabilities, and Caregivers. After an incredibly difficult year, I first want to express my sympathies to you and your loved ones. Each and every one of our residents has been impacted by the COVID-19 pandemic, but our older adults, residents with disabilities, caregivers, and health care providers have been especially impacted by illness, loss, and isolation this past year.

But our battle against this virus is hopefully coming to an end soon. Almost 80% of our

residents 65 and older have been vaccinated, visits with family have returned for many, and our Senior Centers are beginning to open. We're starting to see a return to normal life and the moments we've missed.

I feel so much gratitude for our Department of Aging and Disabilities and their incredible team for all of the work they have done. They stepped up for our communities during this crisis in ways I could have never imagined. When the Senior Centers closed they began creating virtual programming so our seniors could stay engaged and connected at home. They recruited staff from across county departments and set up a daily phone call service to check in on our seniors. They launched Fresh Food Friday, and a year later continue to distribute fresh produce boxes to our residents each week. And they set up our COVID Care Warmline, 410-222-3663, to help residents schedule a vaccine appointment and access other critical assistance programs during the pandemic.

This Directory will provide you with useful information about these programs and more. As we create new programs designed to assist you in the future, we need to hear from you. Let us know what you need. Talk to the staff and the director at your local senior center. Engage with the Area Agency on Aging Advisory Council, or call the Department of Aging and Disabilities at 410-222-4257.

We hope you keep this Directory at your fingertips and use it often.

SHORT-TERM REHABILITATION

► **Did you know BayWoods of Annapolis provides short-term rehab services for our surrounding community?**

We have both Masters and Doctorate level therapists on site.

A luxurious waterfront retirement community like no other

The top three criteria for choosing a Continuing Care Retirement Community

Jim Harrington

- ✓ First and foremost, location is everything. Choose a community close to family, hospitals and medical facilities, colleges, historic areas, shopping, entertainment and recreation, sports and cultural activities. And waterfront if you can find it.
- ✓ Secondly, the size of the community. Choose a setting that serves your needs without over population. You need to access all of the services easily. Enjoy a neighborhood feeling from the residents and staff as well as a lovely campus.
- ✓ Choose a community that provides a good return on your investment. Do they have a good reputation in the community? Do they have good healthcare facilities and cultural programs onsite? Tour the campus, meet the residents and ask direct questions of them.

See our website for available listings including our popular 1-bedroom units.

Please call Jim Harrington to schedule a tour.

A luxurious waterfront retirement community like no other.

Karrisa Gouin

DIRECTOR

Anne Arundel County Department of Aging and Disabilities

"FORGING NEW BONDS AND PARTNERSHIPS HAS BEEN A FOUNDATION IN THE WAY WE ARE ABLE TO DELIVER NEW AND IMPROVED SERVICES, ESPECIALLY OVER THIS PAST YEAR."

W

elcome to the 2021-2022 edition of the Directory, your Anne Arundel County guide to services and resources for

older adults, people with disabilities, caregivers, and anyone who wishes to plan for the future. We have all seen many changes and faced many challenges in the past year. Together, we have risen to the occasion and successfully faced those challenges head on. By adapting to this "new normal" we have continued to provide the services, support and guidance that has come to be expected of us in all we do.

While we wish we could see everyone in person and share in the social interactions that make our work so meaningful, we look

forward to brighter days and remain hopeful of the possibilities that will come.

This past year has reinforced what we always knew, community is the force that binds all of us together. I am humbled by the response of the Department of Aging and Disabilities to strengthen community relationships over this past year, while creating new partnerships, to meet the needs of the older adults and individuals with disabilities within our own community. We reimagined services to ensure we continued to Make Life Better through the support we provide, albeit in a manner that we were not traditionally used to.

Forging new bonds and partnerships has been a foundation in the way we are able to deliver new and improved services, especially over this past year. At the Department of Aging and Disabilities, we strive to meet people where they are and find creative solutions for access to care and services in the community. And while we will all be glad to return to some semblance of normal, we expect that remote and virtual services will continue to have a place in our program and service model, as for some, these platforms have opened new opportunities for participation and engagement with the community.

I hope that you utilize this directory to forge new partnerships in care and community. The providers listed in this directory are here to assist you with your needs, as well as those of your friends, families and neighbors.

Please continue to reach out to us at 410-222-4257 (TTY users please call via Maryland Relay at 7-1-1) to be connected to all of our programs and services.

Anne Arundel County Commission on Disability Issues (CODI)

The Anne Arundel County Commission on Disability Issues welcomes you to the 2021-2022 edition of the The Directory for Older Adults, Individuals with Disabilities, Caregivers. The dedicated members of the Commission invite you to use and share this directory to find services and resources for people living with disability in Anne Arundel County. Whether you or someone you love live with disability or chronic issues, numerous contacts of service providers within this directory can assist both caregivers and individuals living with these conditions.

CODI was established in 1995, and serves to fulfill the mission of promoting and enhancing the quality of life for persons with disabilities by providing the following: advising county government on the coordination and development of government policies, programs, services and allocation of resources for persons with disabilities, proposing the means to meet the needs of persons with disability, and

coordinating with local and county organizations to provide strong virtual supports and programs including coordination with county services targeted to ensure prompt and safe vaccination clinics to individuals with disability.

In October of 2020, the Commission held the first virtual disAbility Awareness Day (DAD) through an expanded Zoom platform, producing and providing an accessible continuation of a long honored annual program that recognizes individuals and businesses for their accomplishments and contributions in the field of disability services. This first ever virtual event marked the 30th anniversary of the signing of the American with Disabilities Act and recognized the disAbility Awareness Day Honoree, Secretary Norman Mineta. Nine other individuals and organizations were also recognized for their work and service to those in Anne Arundel County living with disability.

The Commission is composed of 16 voting members and numerous ex-officio county and state agency representatives involved with disability issues. The Commission meets monthly virtually on the second Tuesday bi-monthly, a total of six times a year. The Commission and the Anne Arundel County Department of Aging and Disabilities is committed to serving county residents and visitors with disabilities. In compliance with the intent and the spirit of the Americans with Disabilities Act, our commitment is to ensure accessible facilities, programs and services.

For assistance and access to services, contact the Department of Aging and Disabilities at 410-222-4383 or by email to disabilities_info@aacounty.org at least seven days prior to an event. TTY users, please call using Maryland Relay 7-1-1. All materials are available in alternative formats upon request to best meet the needs of our residents.

Dear Seniors, Families, Caregivers, and Senior Professionals,

Thank you for your interest in the Anne Arundel Senior Provider Group. "SPG" is a non-profit membership group comprised of businesses and organizations who work with and provide services to older adults and their care teams. SPG strives to meet the needs of its members by providing informative professional speakers, excellent networking, and friendly support. Our most important function is to provide grants for non-profits working primarily with seniors through membership dues and a variety of fundraising programs. We have recently been awarded the opportunity from The Anne Arundel County Department of Aging and Disabilities and What's Up? Magazine to benefit from a portion of the sales revenue to increase the scope of grants. We are thrilled at the opportunity to support more local non-profits in funding senior-specific programs. Details about our grant program can be found on the SPG website.

The members of SPG are listed throughout the Directory. They can be easily identified by the SPG notation in red next to their business name. These members are a wonderful resource for the senior community and provide excellent options for care and services to families, caregivers, and professionals in Anne Arundel County.

We welcome guests and new members to our meeting that typically take place on the second Tuesday of the month from 8:30-10:00 am. We generally meet at Woods Church in Severna Park, but please check our website for specific locations as we sometimes have our meetings off-site at member communities. Our website is www.seniorprovidergroup.org or reach us at senior-providergroup@gmail.com.

Sincerely,
Leslie Albertson, President
On behalf of the 2021 Board of Directors

The Area Agency on Aging Advisory Council

Left to right:

Mary Ann Yarbrough, Kathy McNally, Lynn Campbell (Chair), Randy Marshall, Donna Belt (Vice Chair), Patti Cho, Shirley Wagner, Wayne Taylor

OUR PRIMARY DUTIES ARE THE SAME

Evaluating programs funded by the Area Agency on Aging including the Area Plan.

Providing advice to county officials on any matter relating to older citizens.

Representing the interests of and acting as an advocate for the senior citizens of Anne Arundel County.

Identifying gaps in services to seniors and providing recommendations for corrective action.

Attending council meetings and actively participating in deliberations and activities.

For additional information visit: <http://www.aa-county.org/boards-and-commissions/area-agency-on-aging-advisory-council/index.html>

systems of services for all older persons in our planning and service area. The council is composed of senior activity center, public and affiliate service provider representatives. It has been a year since the COVID-19 pandemic began. As we enter 2021, the Advisory Council continues to operate under the pandemic guidelines established by the executive order signed by County Executive Pittman on April 14, 2020, that reinforced community engagement during the COVID-19 crisis to allow boards and commissions to meet virtually by video.

The Department of Aging and Disabilities and senior activity centers managers have developed new approaches to engage seniors. Zoom meetings, telecommuting, distance learning, remotely creative take home arts and crafts, fitness and educational sessions on social media help to prevent social isolation. Council members assist the DoAD when needed and contribute to events for older adults including Older Americans Month which is celebrated every May.

T

he Area Agency on Aging Advisory Council is pleased to be a part of the 2021-2022 edition of Anne Arundel County Directory of Services for older adults, individuals with disabilities, care-

givers, and their families. This publication provides valuable information on a myriad of life enhancing services, programs, and resources available in Anne Arundel County. The Directory will be mailed and can also be picked up at various Department of Aging and Disabilities food distribution events throughout the year. English and Spanish versions are also available online. The Area Agency on Aging Advisory Council was established by the Older Americans Act of 1965 (Sec 1321.57) to serve in an advisory capacity to the DoAD and the County Executive on matters that will further the county's and the council's mission of developing and coordinating community-based

WHAT'S UP? MEDIA'S 2021
**EXCELLENCE IN
 N  RSING**

WITH SUPPORT FROM  **MNA**
 MARYLAND NURSES ASSOCIATION

This year's Excellence in Nursing campaign kicked off this month with a peer-survey project that celebrates exemplary nurses practicing in the Greater Chesapeake Bay Region. This is nurses celebrating nurses! The two-month nomination period opened May 1st and closes June 30th. We are calling for licensed nurses and medical professionals—to nominate your fellow nurses in several fields of practice. The results will be tabulated, vetted, and become Excellence in Nursing 2021. This is truly *professionals nominating professionals*. This is not open to the public at large. *Only licensed nurses and medical professionals may access this survey.* The process will be anonymous, but do have your state license number handy to access the nomination form. The license number is required to verify and qualify each nomination form. Only one nomination form may be entered

by each person. There are 15 categories/specialties on each nomination form. You may nominate up to two nurses per category; one nurse practicing within Anne Arundel and Prince George Counties, and another nurse on the Eastern Shore. Thank you very much for your time and participation. You are truly benefiting the medical community by acknowledging the contributions of your peers. **Voting will close June 30th.**

Those earning Excellence in Nursing honors will be notified in early fall and the results will be published in the November issues of *What's Up? Annapolis*, *What's Up? Eastern Shore*, and *What's Up? West County*, in addition to the online platform and social media channels of What's Up? Media.

TOP 10 THINGS
TO KNOW ABOUT

Assisted Living

1

WHEN IS IT TIME FOR ASSISTED LIVING?

Deciding to move a family member into an assisted living residence can be a difficult situation. When a family member begins to require a level of care that you can no longer safely handle on your own, assisted living may be your best option. Assisted living provides an alternative for long-term care for your loved one who does not require skilled nursing care in a nursing home.

2

WHAT IS ASSISTED LIVING?

Assisted living is a type of housing for older adults that provides 24-hour supervision and support services to help individuals who require assistance with activities of daily living.

3

WHAT SERVICES ARE PROVIDED?

Meal preparation, household chores, medication management, and assistance with bathing, dressing, and grooming are some of the services an assisted living can provide. Assisted living facilities are required to contract with a licensed registered nurse to oversee the clinical care provided to its residents.

4

HOW DO I CHOOSE AN ASSISTED LIVING RESIDENCE?

Begin by speaking with family and friends to obtain information and personal recommendations. Next, make a list of features that will be important for your family member. Things to take into consideration include the price, location, and any amenities that are offered by the facility.

5

ARE THERE ANY RESOURCES TO HELP WITH FINDING AN ASSISTED LIVING RESIDENCE?

To help you narrow your search, you may to contact the Assisted Living Program of the Anne Arundel County Department of Aging and Disabilities. Staff are available to answer your questions and assist you with narrowing your choices based on your individual needs and preferences. Once you have a list of residences to visit, you can begin to set up appointments to take a tour.

6 7 8 9 10

WHAT SHOULD I LOOK FOR WHEN I VISIT?

When you tour a residence, be sure to request a copy of the residence's Uniform Disclosure Statement. This document provides information about which services the residence provides and whether the fee for that service is included in the monthly housing fee. It is important to know what is included in the base monthly rate, what services are available at an additional cost and the circumstances under which fees may increase.

WHEN SHOULD I SCHEDULE MY VISIT?

Consider visiting the facility during mealtime to get a better picture of the routine of the facility. It may also be beneficial to schedule a second visit at a different time in the day to observe activities and staff interactions with residents. Address any concerns with the assisted living manager.

MY FAMILY HAS CHOSEN AN ASSISTED LIVING RESIDENCE. WHAT'S NEXT?

Request a copy of the Resident Agreement (contract). Be sure you understand the commitment you are making before signing. Consider having the Resident Agreement reviewed by an attorney.

ARE THERE ANY FINANCIAL RESOURCES?

Generally, the cost of assisted living is covered by the individual's income and savings. Long-term care insurance policies may cover some of expenses for a specific period of time. Veterans and their spouses may be eligible for the Aid and Attendance benefit to help with the cost of assisted living. For low-income seniors, the Medicaid Community Options Waiver and Senior Assisted Living Subsidy are two programs offering financial assistance.

IS THERE ANYTHING ELSE I NEED TO KNOW?

Do your homework. Take time to visit different residences, interview staff and residents, and check survey reports. Get all of your questions answered to your satisfaction by the assisted living staff and trust your instincts.

Help for the Caregiving Journey

Imagine what a job description might look like for a family caregiver: Untrained family member or friend to act as advocate, researcher, care manager and emotional support for a parent, spouse, sibling or friend, who has been diagnosed with a serious illness or chronic disability.

Hospital/Rehab Duties: Make medical decisions, negotiate with insurance companies or Medicare, pay bills, legal work, personal care and entertainment in hospital and rehab.

Home Care Duties: Substitute for skilled nurse if injections, IV, oxygen, wound care or tube feedings are required.

Long-term care duties: Medication management, showering, toileting, lifting, transporting, meal prep, house cleaning, laundry, etc. **Hours:** on demand. **Salary & benefits:** 0

I doubt many of you would have applied for this job five (5) years ago, yet more and more individuals are finding themselves in the caregiving role.

The Journey Begins

You may have begun your caregiving journey by simply assisting someone you love with transportation, grocery shopping, or meals. Over time, the caregiving activities can become all-consuming with medication management, personal care, and financial management.

You may have been thrust into the role suddenly when your family member had a fall, a stroke, or a diagnosis of a debilitating illness. Your life and your loved one's life were changed forever on the day a doctor said: "Your parent/spouse needs full-time care."

Finding Resources

At the Anne Arundel County Department of Aging & Disabilities, we know that caregivers may be juggling family and work responsibilities along with their caregiving duties. We know that they step up to the job to the best of their ability. We are pleased to be here to assist caregivers in locating resources to help them in their endeavors. Information and Assistance personnel are the first step in providing answers and in directing caregivers to department and community resources.

The Department also houses the National Family Caregiver Support Program, a federally funded program which provides educational workshops, caregiver conferences, support groups, and grants for respite care and supplemental services to family caregivers. In addition, the Respite Care Referral Program screens and trains home care workers and maintains a referral registry of workers who can provide in-home care. This program assists caregivers in maintaining their work schedule or allows them to just take a break.

If you would like assistance or information regarding your role as a caregiver, or would just like to receive updates on workshops and conferences, call (410) 222-4464 or e-mail caregiver_support@aacounty.org. You can also check out our website www.aacounty.org/aging and like us on Facebook (facebook.com/ArundelSeniors) to receive news as it happens!

SELF-CARE

You have heard it before: "Put your oxygen mask on first." Caregivers absolutely must care for themselves before they care for their loved one or they will find themselves with nothing to give. Use this short list for some quick tips:

Exercise.

Eat healthy meals.

Stay hydrated.

Get proper rest.

Identify & rely on a support system.

Make time to relax.

Schedule annual check-ups with your physician, dentist, & optometrist.

See your doctor if you are feeling physically ill or depressed.

Know your enemy – find information about the specific disease/condition your loved one has. Join our many workshops and conferences for information on a variety of caregiving issues.

Plan ahead for medical, legal & financial issues.

If employed, contact your employer about employee assistance programs.

Ask for help.

Accept help.

TOP 10 THINGS TO KNOW ABOUT

Medicare

1 2 3 4 5

WHAT IS MEDICARE?

Medicare is health insurance for people who are 65 and older. Medicare is also available for people younger than age 65 who have been determined to be disabled under Social Security Disability rules.

WHAT IS MEDICARE PART A AND HOW MUCH DOES IT COST?

Medicare Part A is insurance for inpatient hospitalization, skilled nursing facility care and hospice care. Medicare Part A is premium-free for most people. Medicare Part A has deductible and co-insurance amounts. These deductible and co-insurance amounts are detailed online at www.medicare.gov.

WHAT IS MEDICARE PART B AND HOW MUCH DOES IT COST?

Medicare Part B is insurance for outpatient health care. Medicare Part B has a monthly premium. The base premium for 2021 is \$148.50/month. People who are higher earners pay more for their monthly Medicare Part B premiums. Deductible, co-insurance, and premium amounts are detailed online at www.medicare.gov.

WHAT IS MEDICARE PART D?

Medicare Part D is outpatient prescription drug coverage. There are varying costs to this program including premium costs, deductible costs, and co-payment costs. Specifics on these costs are available online at www.medicare.gov.

WHAT IS MEDIGAP INSURANCE?

Medigap (also called Medicare Supplement) is insurance sold by private companies to offset the out-of-pocket costs for Medicare Parts A and B.

6

WHAT IS MEDICARE ADVANTAGE (PART C)?

Medicare Advantage (also called Part C) is an alternative to Original Medicare. These are private companies that have contracted with Medicare to offer Medicare coverage through a managed care design. These are typically through a Health Maintenance Organization (HMO) or Preferred Provider Organization (PPO) design.

7

IS THERE ANY HELP WITH THE COSTS OF MEDICARE?

For people with limited income, help is available for both Medicare and Medicare prescription drug costs.

8

WHEN DO I ENROLL IN MEDICARE?

The answer depends on many variables: Are you still working and insured by employer-group insurance? Is your employer primary or secondary to Medicare? Are you eligible for Medicare because you are turning 65 or because you are under 65 and disabled?

9

WHAT RESOURCES DOES MEDICARE OFFER TO HELP WITH THESE COMPLEX DECISIONS?

You may call 1-800-Medicare (1-800-633-4227) or visit www.medicare.gov for more information.

10

IS THERE ANY OTHER SOURCE OF ONE-ON-ONE HELP WITH SORTING OUT MY MEDICARE OPTIONS?

The Anne Arundel County Department of Aging and Disabilities offers one-on-one counseling through the State Health Insurance Assistance Program (SHIP). SHIP counselors are specially trained volunteers who provide free, confidential and unbiased information to help you make an informed Medicare decision.

Advance Directives Information Sheet

What is an advance directive? An advance directive is a document that states your choices about medical treatment, and can name

someone to make those decisions for you if you are unable to make them yourself. That person is commonly referred to as a healthcare proxy or medical power-of-attorney. You can also create a living will (not to be confused with a will used after death) which is also an advance directive wherein you can indicate what type of medical treatment you want or don't want at the end of life or in an emergency situation.

Usually when you have a conversation with your doctor about medical treatment, you ask questions and get as much information as you can in order to make a decision based on informed consent. If you are ill or injured and cannot have those conversations, it is important that you prepare in advance to appoint someone to do that for you. It is a good idea to put your wishes in writing which will help ensure that your choices concerning medical treatment will be observed.

Who can have an advance directive? Anyone who is age 18 or older. Once you are of legal age to make your own decisions, you can have an advance directive because injuries, accidents and illness can happen at any age.

Who can make an advance directive? An advance directive can only be made by someone who is competent, and it must be made voluntarily. Note that you cannot "get power-of-attorney over someone". Only the individual can appoint their own medical decision-maker.

Who should I appoint to be my decision-maker? You should appoint someone you trust and know will make decisions based on your values, goals, and preferences. Choose someone you know will do what you want and follow your wishes. This could be a family member, friend or trusted professional, such as an attorney, but make sure you get their consent, and they are aware you are making the decision. It shouldn't be a surprise to the person you appoint, as they should know what your wishes are and be agreeable to act in that capacity.

Who will make medical decisions for me if I don't have an advance directive? Your guardian, (if appointed by the court), your spouse, adult children, parents, siblings or a friend, if available. Unfortunately, that person may choose to do something other than what you want, and you may end up receiving more or less treatment than you would have preferred. Again, your best option is to have those choices in writing, although they can be made electronically or in person with your physician.

The People's Law Library:

www.peoples-law.org/advance-directives

American Bar Association, Toolkit for Healthcare Advance Planning:

www.americanbar.org

www.eforms.com/power-of-attorney/md/

Maryland State Anatomy Board:
410-547-1222

Anatomy Gifts Registry:
800-300-5433

Does an advance directive need to be notarized? No, according to the Maryland Attorney General's Office, a written advance directive must be witnessed by two adults. Neither of the witnesses may be the person's health care agent, and at least one witness must have no financial interest in your death.

What is a psychiatric advance directive? A psychiatric advance directive is a written statement that documents your preferences for future mental health treatment, and allows appointment of a health care proxy to interpret those preferences during a crisis (National Resources Center on Psychiatric Advance Directives). It can include your preferred mental health providers and facilities, and can also include preferred treatment medications.

Can I include organ donation in my advance directive? Yes. There is a need for organ donation, and your age does not matter, but you must make arrangements in advance with the Maryland Anatomy Board, or a non-profit organization such as the Anatomy Gifts Registry (see the "Resources" section for contact information).

Do I need to hire an attorney to prepare my advance directive? No, it is not necessary, but if you prefer to do so, someone experienced in estate planning or elder law is a good choice. There are several good websites that offer the forms and instructions on how to complete them (see the end of this article), and see your healthcare provider if you have medical questions about your decisions.

What should I do with my advance directive once it has been completed? Give a copy to your health care proxy, your alternate if you have named one, and your healthcare providers. If you live in an assisted living or nursing home, make sure they have a copy in your file or chart. You may also give copies to those individuals that are close to you.

How often should I update my advance directive? It's a good idea to review it annually to make sure the choices you make are still in line with your beliefs. It is also a good idea to review it if there has been a major medical change in your condition or a decline in your health. You want to make sure your healthcare power-of-attorney is still available, willing, and capable of acting in that capacity.

Anne Arundel County's Respite Care Referral Program

Caregiving is a hard job and all caregivers need a break at times. Respite care provides that break, whether it be an occasional night out or ongoing care while the caregiver attends his or her job. Respite care helps the caregiver—and the person they are caring for. When caregivers are rested and less stressed, they are able to provide better care. In-home aides also provide companionship and support for those living alone, allowing them to stay in their homes.

The Anne Arundel County's Respite Care Referral Program assists the County's older adults, adults with disabilities and their caregivers by making available a quality workforce to provide in-home care at a lower cost. The program screens, educates and supports qualified self-employed home care workers, providing them with continued educational opportunities and employment prospects within Anne Arundel County.

All Respite Care Referral Program workers undergo a stringent application process before being placed on the registry, to include a criminal background check and completion of the program's Companion-Caregivers/Home Health Aide two (2) day training. This training includes the Dementia Live® experience and ethical standards training. Once on the registry, background checks are redone annually on active workers and workers are required to complete additional training annually.

The Respite Care Referral Program workers referred to you are self-employed, independent contractors in good standing on the Respite Care Referral Program Registry.

TYPES OF CARE AVAILABLE

- Companionship
- Supervision of daily activities
- Personal care
- Light housekeeping
- Meal preparation
- Medication reminder
- Transportation to appointments and activities
- Client-related errands

WORKER AVAILABILITY

- Days, evenings, & overnights
- Weekdays and weekends
- Part-time and full time

Payment

There is no charge for the referral services. The Respite Care Referral Program is a self-pay program. Clients and families contract with the self-employed, independent home care worker; fees are agreed upon by the client and the worker. Keep in mind that Medicare does not pay for respite care. Some long-term care insurance policies will cover services. Talk with your specific insurance company. Financial assistance may be available through a variety of grants to include the National Family Caregiver Support Program, the Department of Social Services Respite Care Program, the Alzheimer's Respite Care Grant, Hilarity for Charity grant, or Maryland's Lifespan Respite Grant.

For Assistance

When you are ready to bring some additional help into your home, give us a call at 410-222-4377/4339. After a brief intake, we will provide you with a list of workers who meet your criteria. We can also provide you with a list of home care agencies in Anne Arundel County if you would rather pursue that option.

In addition, if you are interested in becoming a part of the registry, you can find an on-line application at www.aacounty.org or we can mail one to you. Contact us by email at respite_care.aacounty.org or call 410-222-4375.

ABUSE:

KNOW THE SIGNS AND WHERE TO GET HELP

› Emotional/Verbal Abuse

Behaviors such as threats, explosive temper, insults, constant monitoring or "checking in", excessive texting, humiliation, intimidation, excessive jealousy/insecurity, or isolation from someone.

› Physical Abuse

Any intentional use of physical force with the intent to cause fear or injury, like hitting, shoving, biting, pinching, kicking, strangling, or using an object or weapon to harm.

› Financial Abuse/Exploitation

Using money, property, or access to someone else's accounts for one's own benefit without consent of the owner.

› Sexual Abuse

Any action that impacts a person's ability to control their sexual activity or the circumstances in which sexual activity occurs, including restricting access to birth control.

› Stalking

Being repeatedly watched, followed, or harassed through actions resulting in unwanted or obsessive attention. The use of technology such as texting and social networking to bully, harass, or intimidate someone verbally and emotionally is also considered stalking.

The technology solution for families who value **CONNECTION.**

Now's the time to dial in on your family's communication needs! The Maryland Accessible Telecommunications (MAT) program allows family members to apply for assistive telephone equipment—so no one misses out on important conversations. Calling solutions—like amplified phones, Captioned Telephones, and tablets—help grandparents actively participate in phone calls, parents successfully telecommute, and children engage in distance learning.

**The MAT program benefits Maryland residents ages three and older who are Deaf, hard of hearing, DeafBlind, or are living with limited speech, mobility, or cognitive abilities.*

What's In Your Toolbox for Living Well?

Living well while aging, a desired state of being we all wish for. Yet, living well requires a commitment to healthy lifestyle choices many of us push to the side. “I’ll do that tomorrow,” or “I don’t have control over the outcome, it’s in my genes,” are statements heard fairly frequently. This type of thinking will never yield the desired results.

Much of how we age is based on what we have inherited from our parents. This is our genetic makeup. And while we can’t change this (yet), we can take an active role by making healthy choices. Committing to this daily process will put you on the road to success, thus creating healthy habits.

I like to refer to my healthy habits as tools. These tools are my “go to resources” when I find myself needing to refine my state of well being. Whether it’s a tool I use for my physical needs, emotional or mental needs, I know that this tool is, as my husband says, “the right tool for the job.” For example, I know that the “tool” physical activity can help me in many ways. It’s a tool that has many functions. Physical activity can help alleviate stress, manage blood sugar, strengthen muscles, balance and help with flexibility. You can use it as a means to connect with others or use it during a time when you may want to be alone and gather your thoughts quietly. The tool of managing emotions can help with stress management and tactics for effective communication. It can also reduce fatigue.

The Anne Arundel County Department of Aging and Disability offers workshops called the Living Well Series. These workshops focus on chronic

CURRENTLY BEING OFFERED:

Living Well with Chronic Caonditions

Living Well with Diabetes

Living Well with Chronic Pain

Living Well with Hypertension

Walk with Ease

Tai Ji Quan: Movement for Better Balance

Powerful Tools for Caregivers

To register for a class, visit our website on the Living Well page www.aacounty.org/departments/aging-and-disabilities/forms-publications/living-well-series or call Penny Tilghman-410-222-0268 to find out when our next workshop begins.

conditions like heart disease, arthritis, depression and fibromyalgia. There is also a specific workshop which focuses on diabetes. These are called self management programs, designed to help participants find the tools they need to help manage the symptoms of their condition. Finding the tools for self management is important for avoiding or delaying complications related to the disease process. Wouldn't it be a good feeling to know what YOUR tools were for Living Well?

Has the COVID pandemic left you overwhelmed and unsure about how to get back to that state of well being? Maybe it motivated you to want to learn more about your health conditions. There is no question about it, there has never been a better time to take the first step forward and learn what you can do to help yourself live well.

Living Well doesn't need to be an unreachable vision. Taking one of our evidence based programs and creating your tool box, will bring you closer to making that vision a reality.

Senior Center Plus

Senior Center Plus is a structured program for older adults. It allows opportunities for socialization and recreation, while providing respite for their caregivers. This four hour program is supervised and assisted by trained staff and lunch is provided during the program.

IS SENIOR CENTER PLUS FOR YOU?

Let's find out...

- Do you live in Anne Arundel County?
- Are you over 55 years of age?
- Do you need a friendly assistant to help you navigate senior center activities?
- Are you able to use the restroom independently?
- Can you independently feed yourself?
- Can you express your needs?
- Do you enjoy socialization, music, games, art?

If so, then this program may be right for you! How do I sign up? **Call Maryland Access Point at 410-222-4257** and schedule an evaluation today! **There is a fee for this program.**

SENIOR CENTER PLUS ZOOM

Unable to join us at the senior center, then this is the program for you! All you need to do is below.

Have a Zoom capable device with someone to assist you and call 410-222-0257 or email agsaro78@aacounty.org to register. Provide an email address to have your Zoom invite sent and let the fun begin!

For additional information, please contact Nancy Saroch, RN at 410-222-0257.

Senior Activity Centers

W

here does one go when they want to participate in an exercise or dance class, have a meal with friends, learn a foreign language, hear about historical

events, listen to a live musical performance, take exciting trips, volunteer, or work on their fine arts and crafting skills, all in one place? To your local senior center, of course! You can do all that and more at all seven of Anne Arundel County's Senior Activity Centers.

Today's senior centers are multi-dimensional, active, dynamic and progressive; a community focal point. According to the National Council on Aging (NCOA), there are over 11,000 senior centers serving over a million older adults each year in the United States. Most centers offer services and programs such as meal and nutrition programs; health and fitness classes; volunteer opportunities; social and recreational activities; lifelong learning programs; options for travel; participation in the arts; transportation; intergenerational activities; information and assistance and a range of other social services for older adults. Senior center programs are as diverse as the members they serve. There is so much to do at your local senior center that you could spend all day, every day there and still not do it all.

The first senior centers were established to combat social isolation among older adults by bringing people together to share a meal. While that is still a huge benefit of senior centers, they have so much more to offer! Senior centers are continually evolving to meet the changing needs of the population they serve. Every generation that enters older adulthood brings new challenges and exciting opportunities for senior centers to grow and innovate. The advent of computers? Take an introductory computer class at your local senior center. New to using a smartphone? Your senior center will offer a class on how to text and what emojis are. What's the latest craze in exercise classes? Try Zumba, belly dancing or yoga at the senior center. A global pandemic? Not to worry, we offer virtual classes and programs online!

Senior centers are fun places to go to with lots of programs and activities to participate in, but did you know that people who attend senior centers are healthier, have greater life satisfaction and more social interaction than those who don't attend centers? As stated by the NCOA, research shows that older adults who participate in senior center programs can learn to manage or delay the onset of chronic disease and remain living and thriving in their communities longer. The health and wellness programs and screenings and fitness classes offered at the center contribute to that. Surveys have shown that a significant number of older adults who participate in activities at a senior center state that their quality of life has improved since they joined the center. They enjoy the friendly people, the atmosphere and being with their peers, and the activities and programs are engaging and fun. NCOA also states that older adults who participate in senior center programs experience measurable improvements in the seven dimensions of wellness: physical, social, spiritual, emotional, intellectual, environmental and economic well-being.

The Anne Arundel County Department of Aging and Disabilities operates senior activity centers throughout the county. Locations include centers in Arnold, Annapolis, Brooklyn Park, Pasadena, O'Malley Senior Center in Odenton, Pascal Senior Center in Glen Burnie and the South County Senior Center in Edgewater. Membership at the centers is free and gives you access to activities at all of the county's senior activity centers. Many of the programs and activities offered at the centers are free, but we also partner with the Anne Arundel Community College to offer continuing education classes for a moderate fee. Center members may take part in classes encompassing multiple subject areas, including: exercise, dance, fine arts, crafts, history, foreign languages, current events, music and use of technology. Special interest groups and clubs are another popular choice of activity at the centers; for instance, knitting and crocheting, quilting, genealogy, crafts, ceramics, technology use and many more are offered at many of the centers. Workshops and seminars on specific topics of interest are also available at the centers. Community organizations

such as non-profits, healthcare facilities, financial organizations and local businesses are invited to the centers to present educational programs and workshops for the participants and provide information that we might not even know we need! Each center has their own classes, programs and activity offerings, and members are invited to participate at any (or all) of the centers if they choose. Special events are always an exciting opportunity for center members to gather with their friends and celebrate the holidays, milestones and recognize significant observances such as Older Americans Month every May and National Senior Center Month in September. Senior centers are superb at celebrating and throwing parties! Since the global pandemic began, much has changed in the world, including senior centers. Our centers have been closed for over a year. We have been able to provide classes and programs virtually, but our participants are eager to return to their centers to see their friends and participate in their favorite activities again. The status of the senior activity centers will continue to be evaluated and will abide by the guidelines given the Anne Arundel County Department of Health. Our priority is to keep all members and staff safe during the reopening phases of the centers.

Once the centers begin to reopen, many folks want to give back to their communities after they have retired and senior centers offer excellent opportunities for older adults to volunteer and share their knowledge, skills and experiences with others. If you enjoy interacting with other people in a helpful and friendly manner, why not be a front desk volunteer and sign new members up for the center, answer the phones and questions from center members and help with clerical duties? Do you want to represent and advocate for your fellow center members? Each center has a non-profit organization that advises center management on programs and activities and runs fundraisers for the center. Do you have a special talent or skill that you would like to share with others? You can teach a class or join a performance group. Senior centers have a myriad of volunteer opportunities for you and will gratefully accept your support and assistance!

SEE YOU SOON AT THE SENIOR ACTIVITY CENTERS!

Senior Nutrition Program

The Senior Nutrition Program, administered under the Anne Arundel County Department of Aging and Disabilities has been providing the county's older adults with meals and fresh produce for over 20 years. In partnership with Meals on Wheels, the Home Delivered Meals program provides a hot lunch and a cold dinner to homebound older adults' doorsteps five days a week. The Shop 'N Eat program is unique to Anne Arundel County and provides discounted gift cards to local grocery stores to provide financial assistance to older adults with purchasing groceries.

The Senior Nutrition Farmers Market program is a federally funded, seasonal program designed to provide vouchers for eligible older adults to increase access to fresh fruits and vegetables from local farmers in Maryland.

To find out more information or register for any of the above mentioned programs, eligible older adults can contact the Senior Nutrition Program at (410) 222-4256 or senior_nutrition@aacounty.org.

For information about all of the programs and services offered at the Anne Arundel County Department of Aging and Disabilities, county residents can contact the MAP Line at (410) 222-4257 or visit our website at <https://www.aacounty.org/departments/aging-and-disabilities/>.

Due to COVID-19 restrictions and precautions, many of the programs have persisted or adapted in order to continue to provide meals to one of the most vulnerable populations during the pandemic. Older adults can sign up to receive frozen meals from their nearest senior activity center through the Senior Nutrition Program.

During the COVID-19 pandemic, the Senior Nutrition Program implemented the Restaurant Initiative in partnership with local restaurants, to provide hot meals to older adults in Anne Arundel County. This program provides food resources to older adults while also supporting the local businesses struggling during the pandemic.

WHAT IS A LONG-TERM CARE OMBUDSMAN?

A person who addresses resident complaints and advocates for improvements in nursing homes and assisted living. The ombudsman is resident-centered and seeks to resolve issues and concerns of residents in long-term care to the resident's satisfaction and with the resident's consent. The ombudsman works for Anne Arundel County Department of Aging & Disabilities.

How can the ombudsman help?

Educate residents, their family, facility staff, and the public about resi-

dents' rights, signs and indicators of elder abuse, and aspects of good care in a nursing home and assisted living setting; Advocate for changes to improve residents' quality of life and care individually and as a group; Seek legal, administrative and other avenues to protect residents; Provide information to the public regarding long-term care facilities and services, legislative and policy issues.

Who can contact the Ombudsman Program?

Residents of long-term care, families, staff of facilities, and any person who has a concern about a resident or would like information about nursing homes and assisted living.

How do I contact an ombudsman?

Contact Maryland Access Point at 410-222-4257 and ask to speak to an ombudsman.

STAVELY & SALLITTO ELDER LAW, LLC

CATHERINE STAVELY

ELENA SALLITTO

JENNIFER BRANDI

We empower the elderly and people with disabilities to live with dignity, on their own terms, and to achieve the best quality of life possible. We provide services in a welcoming, informal office setting and treat our clients as family. We are mindful of the challenges our clients face and offer meetings in their homes, in hospitals, in nursing homes, or wherever they are most comfortable. We help protect families from debilitating care costs, keeping assets available for spouses and dependent family members or those with disabilities.

Legal Services include:

- Planning for Medical Assistance/Long Term Care Applications and Appeals
- Special Needs Financial Life Plans
- Powers of Attorney, Medical Directives, Guardianships
- Creation and Administration of Wills and Trusts
- Prevention and Detection of Financial Exploitation

Catherine Stavelly is a leader in Elder Law with over 20 years experience. She consistently is recognized as one of the top lawyers in the field.

Elena Sallitto is a Certified Elder Law Attorney (CELA) through the National Elder Law Foundation, one of only seven in Maryland.

Jennifer Brandi, the newest member of the firm is an attorney who brings warmth, understanding and keen insight in meeting the needs of our clients.

HELPING ANNE ARUNDEL
SENIORS
SHINE BRIGHTER

EVEN IN THE MOST
UNCERTAIN TIMES.

Our communities are designed to engage, entertain, and inspire. Enjoy resort-style living with chef-prepared meals, cultural activities, and personalized care if you need it. It's time to trade the isolation many older adults experienced in 2020 for a new lifestyle full of socialization and vibrancy in 2021!

Come see why other Anne Arundel residents have already made the move to Brightview. We're vaccinated and welcoming new residents!
